

# Q-doc 515

adjustable document holder

 BAKKER ELKHUIZEN

Work Smart - Feel Good

## Work in-line, even with heavy files

The Q-doc 515 document holder is the perfect solution for working in-line with documents and computers. Reducing head twisting increases both comfort and productivity.

The robust Q-doc 515 can hold heavy files and books.

To prevent neck rotation, documents have to be placed between the keyboard and display screen. A sloping work surface reduces flexion of the neck and thus increases work comfort.
