

||| GOLDTOUCH Go!2 MOBILE WIRELESS KEYBOARD

Personalized for individual comfort and total adjustability, the Goldtouch Go!2 Mobile Bluetooth Keyboard is the world's first wireless ergonomic keyboard designed with business travelers in mind. This light and sleek Bluetooth keyboard combines the flexibility of wireless connectivity with personalized comfort that's uniquely adjustable for each individual. Plus, it folds to a compact size for even greater travel convenience.

The patented ball-and-lever locking mechanism within the Goldtouch Go!2 Mobile Wireless Keyboard adjusts vertically and horizontally to meet the unique needs of every individual — who vary according to body type, height, weight, shoulder width, and hand position.

Mobile workforces face unique challenges when on the road, especially when faced with a multitude of working environments, like airplane seats, coffee shops and hotel rooms. Adjustability and customization are particularly important for these essential employees. They need tools that are wireless, portable and adjustable to foster greater comfort and better posture.

The combination of portability and personalization is what makes the Goldtouch Go!2 Mobile Wireless Keyboard so essential. Plus, it's the only travel keyboard that can significantly improve personal productivity while reducing the risks associated with Repetitive Strain Injuries (RSIs) like carpal tunnel syndrome.

||| FEATURES AND BENEFITS

- **Wireless:** Connecting via Bluetooth, the Go!2 Mobile Keyboard is compatible with a wide range of devices, including tablets, smart phones, Ultrabooks and laptops. Plus, it's driver-free for both Mac and PC.
- **Adjustable:** 0°–30° adjustment along the horizontal plane, combined with additional 0°–30° individual adjustments for vertical tenting.
- **Compact:** Ready to use in tight places, like airplanes or hotel desks. And it folds in half for even greater portability.
- **Compatible:** Works with PC or Mac OS, supporting Windows 10, 8, 7, Vista, XP, 2000 and Mac OS 10.4 and above. Multimedia key support for both Windows and Mac OS.

The Go!2 Mobile Keyboard folds in half for convenient storage while on the go.
